AN ACT

To amend chapter 8, RSMo, by adding thereto one new section relating to energy conservation measures in public facilities.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Chapter 8, RSMo, is amended by adding thereto one new section, to be known as section 8.237, to read as follows:

8.237. 1. On a statewide basis, each governmental unit, as defined in section 8.231, that enters into a contract for the implementation of any energy conservation or facility improvement measure shall meet the following requirements:

(1) Obtain a report from the entity providing the energy conservation measures containing recommendations concerning the costs of installation, modifications, or remodeling, including costs of design, engineering, repairs, and financing; and

(2) The report shall guarantee to such governmental unit an amount of cost savings in energy or operating costs, as defined in section 8.231 if such installation, modification, or remodeling is performed by that entity.

2. For purposes of this section, "energy conservation and facility improvement measure", as defined in section 8.231 includes, but is not limited to, automated or computerized energy control and facility management systems or computerized maintenance managementsystems, replacement or modification of lighting fixtures and systems, energy recovery systems, water conservation, cogeneration systems, and window and door system modifications designed to

reduce energy consumption.

3. Prior to a governmental unit entering into such contract, it shall solicit entities awarding the contract for competitive sealed proposals from entities that best meet the needs of the governmental unit.

4. Energy savings shall be guaranteed by the entity for the entire term of the contract, and such reductions in energy consumption and cost savings attributable to the energy conservation and facility improvement measures shall be provided in a manner that meets the needs of the governmental unit.
